Protecția mediului, gestionarea deșeurilor

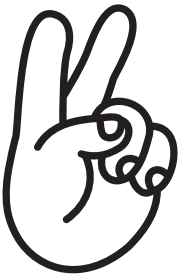

Aparatele, produsele, accesoriile și ambalajele trebuie predate pentru reciclare sau valorificare într-un mod care nu dăunează mediului.

Nu aruncați produsele, aparatele sau echipamentele uzate împreună cu deșeurile menajere.

Eliminați produsul prin intermediul unei unități de reciclare autorizate, al unei instalații municipale de eliminare a deșeurilor sau al unui centru de colectare. Respectați reglementările în vigoare! În caz de îndoială, consultați o firmă de reciclare.

Toate materialele de ambalare trebuie eliminate în conformitate cu reglementările ecologice. Produsele sau aparatele predate astfel vor fi colectate, demontate și reciclate într-un mod care nu dăunează mediului.
